

Letter from the Chair of Governors - Summer 2023

Dear community of **Windhill Primary School**,

Welcome to the **Summer Term** at **Windhill!**

It's going to be a very busy time for all the children, staff and our wider community. Let's hope the sun shines for everyone.

On **Saturday May 6th**, **King Charles 111** will be crowned King. London will be decorated in bright colours and there may be parties on our streets.

A focal part of the King's Coronation will be the crown itself. The crown is **St Edward's crown**, first placed on the head of King Charles 1 in 1666. I wonder what the present King Charles thought when, at the age of 3, he watched the crown being placed on his mother's head in 1953, when Queen Elizabeth was crowned?

St Edward's crown is set with rubies, amethysts, sapphires, garnets, topazes, and tourmalines. It is this variety that causes the crown to be so unique, so enthralling, so sparkly,

It is always a joy to spend time with the pupils at Windhill; each young person, though different and unique, brings something very special to the school.

They bring their own individual personalities: they bring energy, creativity, curiosity, resilience, good manners and a joy of learning. This is what makes the Windhill community, like St Edward's Crown, unique, enthralling and sparkly.

Thank you for everyone's continuing and invaluable support of our pupils here at Windhill.

As ever, if you wish to get in touch with myself, as Chair of Governors, please contact the school office.

Very best wishes,

Lynn Mathers
