

People who help us

Understanding the World

Week 1- Introducing different professions.

Week 2- Understanding the roles of people who help us.

Week 3,4 and 5- Visits from professions (nurse, police and fire department)

Expressive Arts and Design

- Making emergency vehicles models.
- Creating a poster of what the children would like to be when they grow up.

Experiences/ Visits:

- Visits from people who help us.

Literacy and communication and language

Phonics-

Week 1-3—Voice sounds

Week 4 and 5- Rhythm and rhyme

Maths

-Recognising 2D shapes and their features.

-Patterns- different patterns in the environment.

-Finding more than using numbers to 3.

Physical development

Wide range of opportunities for children to develop their gross motor skills in the outdoor area. Such as obstacle courses, climbing frames, throwing and catching games etc.

Yoga activities in class.

Squiggle whilst you wiggle.

Dough disco.

Personal, social and emotional development

We will be focusing on sitting, listening and speaking clearly. Children will focus on interacting with each other and taking turns during games and in provision and how to resolve conflicts appropriately. Children will take part in several circle times where they will talk about different cultures and celebrations. We will be comparing other celebrations to our own.
